

Quality Policy

We thrive to meet the healthcare and biotechnology sector requirement for products and raw materials to cater to the need of the global market and are committed to:

- Develop, manufacture and market the highest quality of products and raw materials required by the IVD/ Biotechnology sector.
- Comply with the statutory and regulatory requirements, as applicable, while maintaining the effectiveness of the quality management system.
- Continually improve the quality management system through Plan-Do-Check-Act concept.
- Create awareness about this policy among all interested parties of Resolve Biotech Pvt. Ltd.
